

Carol Vandenakker-Albanese, M.D.

Clinical Interests Dr. Vandenakker Albanese has clinical interests in diagnosis and non-operative care of spine conditions and problems related to sequelae of polio. She speaks locally, nationally and internationally on topics related to spine care and the management of polio-related conditions. Dr. Vandenakker-Albanese is well-known for her expertise in post-polio syndrome and established the UC Davis Post-Polio Clinic in 2001. She serves on the Board of Directors and the medical advisory board for Post-Polio Health International as well as several local post-polio support groups.

Dr. Vandenakker-Albanese reviews manuscripts for multiple medical journals and has authored several book chapters and peer-reviewed journal publications on topics relating to aging with disability, and rehabilitation of spine and post-polio conditions.

As the department's Mentoring Director, Residency Program Director and as a Faculty Mentor for the medical school, she promotes quality medical education and fosters professional development.
