Arta Monjazeb, M.D., Ph.D.

Philosophy of Care

Cancer is not a disease that occurs in a vacuum and thus I focus not only on treating the cancer but also on assisting patients with the nutritional, social, emotional, and spiritual issues which are often ignored in modern medicine. I believe strongly in a multidisciplinary team approach to cancer including open lines of communication with both my patients and fellow physicians. Although I employ aggressive cutting edge anti-cancer treatments I am also respectful of and willing to incorporate holistic and alternative medicines into patient care. Ultimately I strive to treat each patient with the same respect and diligence I would an ailing member of my own family.

Clinical Interests

Dr. Monjazeb has a clinical focus on the treatment of gastrointestinal malignancies (including esophageal cancer), sarcoma, and central nervous system malignancies. He specializes in various radiotherapy techniques including intensity modulated radiation therapy (IMRT), image guided radiation therapy (IGRT), stereotactic body radiotherapy and high dose rate brachytherapy.
Dr. Monjazeb is a clinician scientist and participates in both clinical and basic science research projects. His basic science research is focused on understanding how the immune system can be harnessed to fight cancer and how radiotherapy can be used to promote anti-tumor immune responses.

Title

Assistant Professor

Specialty

Cancer, Radiation Oncology

Department

Radiation Oncology

Division

Radiation Oncology

Center/Program Affiliation

UC Davis Comprehensive Cancer Center

Address/Phone

UC Davis Comprehensive Cancer Center, 4501 X St. G-140 Sacramento, CA 95817
Phone: 800-362-5566

Additional Phone

Physician Referrals: 800-362-5566

Languages

Farsi

Education

M.D., Wake Forest University (Bowman Gray School of Medicine), Winston-Salem, North Carolina, 2010
Ph.D., Wake Forest University (Bowman Gray School of Medicine), Winston-Salem, North Carolina, 2003

UCDAVIS HEALTH SYSTEM

Arta Monjazeb, M.D., Ph.D.

B.A., UC Berkeley, Berkeley, California, 1997

Internships Harbor – UCLA Medical Center, Torrance, California, 2005

Residency Wake Forest University School of Medicine, Winston-Salem, North Carolina, 2010

Professional Memberships American Society for Therapeutic Radiology and Oncology

Honors and Awards

Howard H. Wong Scholarship in Radiation Oncology. American College of Radiation Oncology, 2007

Clinical Honors in Radiation Oncology. Wake Forest University School of Medicine, 2005

M. R. Cooper Scholarship for excellence in Oncology. Wake Forest University School of Medicine, 2005

Pritchard History of Medicine Award. Wake Forest University School of Medicine, 2005

Alpha Omega Alpha (AOA) Medical Honors Society. Wake Forest University School of Medicine, 2004
