

Anthony F. Jerant, M.D.

Clinical Interests Dr. Jerant's research interests include seeking ways of improving the health of people with chronic health conditions and eliminating disparities in the outcomes of such conditions. Given the difficulties chronically ill people face in obtaining consistent, timely access to primary care, a major focus of his work is in developing and evaluating technology-enhanced care delivery - e.g., in the home, via computer - to effectively expand the primary care encounter in space and time. Using such tools to bolster patients' confidence in their ability to master self-management of their chronic conditions is a particularly strong current theme in his research.

Philosophy of Care:

Dr. Jerant enjoys providing care across the full spectrum of family medicine, including care of children, adolescents and adults, prenatal and obstetrical care, and outpatient surgical procedures.

His goal is to provide comprehensive, evidence-based medical care to each of his patients.

However, he also strives to ensure that his technical expertise is always applied in a manner that is guided by his patients' personal values, preferences and health goals.

Title Professor

Specialty Family and Community Medicine

Department Family and Community Medicine

Division Family and Community Medicine

Center/Program Affiliation [Center for Healthcare Policy and Research](#)

Address/Phone Lawrence J. Ellison Ambulatory Care Center, 4860 Y St. Suite 1600 Sacramento, CA 95817
Phone: 916-734-3630

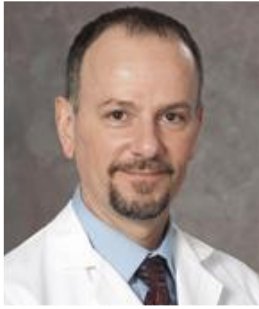

Additional Phone Physician Referrals: 800-4-UCDAVIS (800-482-3284)

Education M.D., St. Louis University School of Medicine, St. Louis, Missouri, 1991
B.A., San Jose State University, San Jose, California, 1986

Internships Silas B. Hays Army Community Hospital, Fort Ord, California, 1991-1992

Residency Madigan Army Medical Center, Tacoma, Washington, 1992-1994

Board Certifications

Anthony F. Jerant, M.D.

American Board of Family Medicine, 2008

Professional Memberships

American Academy of Family Physicians
North American Primary Care Research Group
Society of Teachers of Family Medicine

Honors and Awards

One of four faculty members selected to participate in UC Davis Vice Provost's Leadership Program, 2012

Lead authored paper entitled "Patient-centered medical home Attributes and Mortality: A National Study" selected as an Extended Paper presentation, one of 8 Distinguished or Extended Papers at the North American Primary Care Research Group Annual Meeting, 2011

Co-authored paper entitled "Physician Wages across Specialties: Informing the Physician Reimbursement Debate" selected as one of 4 Extended Paper presentations at the North American Primary Care Research Group Annual Meeting, 2010

Lead authored paper entitled "Training Residents to Employ Self-Efficacy Enhancing Interviewing Techniques: Randomized Controlled Trial of a Standardized Patient Intervention" selected as one of 6 Distinguished Paper presentations at the North American Primary Care Research Group Annual Meeting, 2009

Lead authored paper entitled "Factors Associated with Hispanic/non-Hispanic White Colorectal Cancer Screening Disparities" selected as one of 3-6 Extended Paper presentations at the North American Primary Care Research Group Annual Meeting, 2008
