Professor of Surgery, University of California, Los Angeles

FOSTERING A LEARNING HEALTH CARE SYSTEM

Engaging students, trainees, clinicians, and staff in delivering the best care at lower cost creates a culture of continuous improvement at academic health centers. This Forum highlights initiatives at the UC Davis Health System that enhance health care quality and patient safety, and provides a platform to share best practices.

EDUCATIONAL OBJECTIVES

At the end of the program, participants should be able to:

- Identify initiatives related to healthcare quality currently taking place at UC Davis
- Describe the importance of inter-professional education and collaborative practice as approaches to improve quality and safety in healthcare
