ACCREDITATION

University of California, Davis Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Physician Credit: University of California, Davis Health designates this live activity for a maximum of 6.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ acceptable for other healthcare providers

Nurse: For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME. For the purpose of re-licensure, the California Board of Registered Nursing accepts AMA PRA Category 1 Credits™ (report 6.25 hours of credit and fill in “CME Category 1” for the provider number).

Application for credit has been filed, determination of credit is pending: NASW for LSW

PARKING

Preferred Parking Garage: Hyatt Regency Parking Garage 1209 L Street, Sacramento CA 95814

$11.00 for the day with voucher given at conference, or valet for $22.00. Please note if the Hyatt parking garage signage says “hotel guests only” that includes you, as you are a hotel guest.

Other options include:

Lot D – 12th and I Street $10 Flat Rate/ Day
Memorial Garage – 14th and H Street $15 Flat Rate/ Day

UC Davis Nephrology and Transplantation Conference

FRIDAY, APRIL 6, 2018

CONFERENCE LOCATION:
Hyatt Regency, Sacramento, CA

SPONSORED BY:
UC Davis Health
Office of Continuing Medical Education
UC Davis Transplant Center
Welcome and Course Objectives
Mehul Gandhi MD
Professor and Chief, Transplant Nephrology Section
Medical Director, UC Davis Transplant Center
UC Davis Health

3:15 – 4:15
Living Donor Kidney Transplantation
Krista Lentine MD
Professor and Chief, Transplant Nephrology Section
Medical Director, UC Davis Transplant Center
UC Davis Health

4:15 – 4:30
Closing Remarks
Richard V. Perez, MD, FACS
Professor, Dept. of Surgery
Chief, Div. of Transplantation
Medical Director, UC Davis Transplant Center
UC Davis Health

3:15 – 4:15
Balancing Risk vs Autonomy: Advancing Living Donation in a Defensible System of Practice
Kuang-Yu Jen MD PhD
Professor of Medicine
Division of Nephrology
UC Davis Health

3:15 – 4:15
Transplantation in a Defensible System of Practice
Krista Lentine MD
Professor and Chief, Transplant Nephrology Section
Medical Director, UC Davis Transplant Center
UC Davis Health

2:30 – 3:15
Strategies for Improving the Efficacy of Exercise Training in Patients With Renal Failure
Kenneth Wilund PhD
Associate Professor
Department of Kinesiology and Community Health
University of Illinois at Urbana-Champaign

2:30 – 3:15
Dialysis and Management of Diabetic Kidney Disease
Maryam Akbarian MD
Associate Professor, Division of Nephrology
Department of Medicine at UC Davis

2:30 – 3:15
 strategies to expand the number of patients who benefit from living donor kidney transplantation.
• Review the evolving practice in the treatment of the patient with end stage renal disease and arterial fibrillation.
• Summarize the beneficial effects of exercise in patients with end stage renal disease, including the kidney transplant recipient.
• Discuss important developments in the diagnosis and treatment of diabetic nephropathy.

EDUCATIONAL
At the end of the activity, participants should be able to:

1. Describe the evolution of practice over the past few decades, and the role of exercise in patients with end stage kidney disease.
2. Discuss the current understanding of the pathophysiology of diabetic nephropathy.
3. Identify the key factors that influence the risk of diabetic nephropathy.

PROFESSIONAL DEVELOPMENT
Participants will be able to:

1. Apply knowledge of current research and clinical guidelines to the management of diabetic kidney disease.
2. Develop a comprehensive approach to the evaluation and treatment of diabetic nephropathy.

DESCRIPTION AND COURSE OBJECTIVES
This conference is directed toward nephrologists and members of the health care team involved in the management of patients with acute and chronic renal disease and pre- and post-transplant patients. This year’s conference will feature a dedicated track for nurses, social workers and dialysis center staff interested in expanding their knowledge of transplantation. Attendees will learn about the transplant process to better educate dialysis patients along the path to transplant. The overall objective is to provide an update on selected topics in clinical nephrology and renal transplantation with hands-on advice.
