**PROGRAM DIRECTORS**

Kori Harder, RN, MS, CNS, CCRP  
Director, Cardiovascular Clinical Operations  
UC Davis Heart & Vascular Center  

Janine Neely, RN, MSN, CNS  
Cardiovascular Clinical Nurse Specialist  
UC Davis Heart & Vascular Center  

**GUEST SPEAKER**

Michael Guiry, MBA, RPA-C  
North Shore -LIJ Health Systems  
New York, NY  

**FACULTY**

**UC Davis Health System Faculty**

W. Douglas Boyd, MD  
Professor, Cardiothoracic Surgery  

William Dager, Pharm. D, BCPS, FCSHP, FCCP, FCCM  

John R. Laird, MD  
Professor, Cardiovascular Medicine  
Medical Director, UC Davis Heart and Vascular Center  

Jason Rogers, MD  
Associate Professor, Cardiovascular Medicine  

Thomas Smith, MD  
Assistant Professor, Cardiovascular Medicine  

Jeffrey Southard, MD  
Associate Professor, Cardiovascular Medicine  

Kathy Tong, MD  
Assistant Professor, Cardiovascular Medicine  

Garrett Wong, MD  
Associate Professor, Cardiovascular Medicine  

Yingbo Yang, MD  
Associate Professor, Cardiovascular Medicine  

**Program Materials**

Speaker presentations will be available at the UC Davis Heart & Vascular Website http://www.ucdmc.ucdavis.edu/internalmedicine/cardio/ for 4 weeks following the symposium.
• Identify one strategy to reduce Cardiac Cath Lab operational costs.

• Describe at least two different waveforms and parameters on a hemodynamic tracing obtained during cardiac catheterization.

• List three anticoagulants used in patients with atrial fibrillation who undergo invasive cardiovascular procedures.

• Name two common therapies used for the treatment of heart failure.

• Describe the rationale for utilizing mapping during ablations in the Electrophysiology Lab.

• Describe one approach to shortening length of stay in the Cardiac Cath Lab.

• Identify two procedural differences between TAVR and Surgical Aortic Valve Replacement.

• List two indications for use of Impella and IABP during procedures in the Cardiac Cath Lab.

• Correctly identify the anatomical heart structures as seen on the echocardiogram.

• Name two new drug eluting balloons and indications for their use.

• Define appropriate use criteria as it relates to the Cardiac Cath Lab.

• Name and identify three potential Cardiac Cath Lab complications and how to prevent or treat them.

REGISTRATION IS ON-LINE ONLY

On-Line website: conferences.ucdavis.edu/cardiovascular

REGISTRATION IS $80

AFTER MARCH 21 REGISTRATION WILL BE $85

• Fee includes continental breakfast, lunch, parking, and Contact Hours

CANCELLATION POLICY

A refund of the registration fee, less $25 administrative fee, will be allowed if requested, in writing, by March 21, 2014. No refunds will be provided after this date. In the event that this symposium is cancelled UC Davis Heart & Vascular Center (UCHVC) will refund all paid registration fees. UCDHVC will not be responsible for other expenses incurred.

CONTINUING EDUCATION

Provider approved by the California Board of Registered Nursing, Provider Number 15703, for 7.0 contact hours. Category A CE credit is pending approval by the ASRT.
COURSE DESCRIPTION
This one day symposium will provide an excellent understanding of the most current therapeutic options available to the cardiovascular patient. Our esteemed faculty will present the latest advancements in cardiovascular medical and surgical care.
