UC Davis alumnus Dr. Wilson To has been heavily involved with the development of multiple award-winning products. His innovative projects around point-of-care technologies and machine learning/artificial intelligence for early detection of diseases have touched millions of lives and have been featured on a number of international media outlets (including Bloomberg BusinessWeek, National Public Radio, Forbes, CNN and Reuters).

2019 Benjamin Highman Lecture & Dinner

“Digitally-enhanced, Data-driven Healthcare.”

Thursday, March 21, 2019
5:00-6:00 PM
Medical Education Building
Second Floor Auditorium, #2222

6:00-7:30 PM
Buffet Dinner, Second Floor Breezeway

RSVP: https://2019highman.eventbrite.com

Objectives:
1. Learn fundamental approaches to machine learning and artificial intelligence and its application to healthcare.
2. Explore the use of machine learning on structured and unstructured healthcare data on clinical outcomes.
3. Examine the impact of data-driven healthcare from population-level to patient-level care

ACCREDITATION
The University of California, Davis, Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
