UC Davis Health System
Office of Continuing Medical Education & the Department of Orthopaedic Surgery
Dr. John Lonstein is an orthopedic surgeon specializing in pediatric spine problems. He practices at Gillette Specialty Healthcare in St. Paul, Minnesota where he is head of the Spine Service. He also practices at the Twin Cities Spine Center in Minneapolis where, as Medical Director of Research, he oversees their clinical research efforts. He is a Clinical Professor of Orthopedics at the University of Minnesota, and is actively involved in resident and fellow teaching.

Dr. Lonstein is originally from South Africa. He graduated from the University of Witwatersrand Medical School in Johannesburg and completed his orthopedic surgery residency at the University of Minnesota.

Dr. Lonstein is a past president of the Scoliosis Research Society and has taught and written extensively on spinal deformities, with his main research interests being in natural history and long-term outcomes.
