DEPARTMENT OF PATHOLOGY & LABORATORY MEDICINE
GRAND ROUNDS

Monday, March 21, 2016
12:00 – 1:00 PM
PATH BUILDING, ROOM 1002
4400 V STREET, SACRAMENTO, CA 95817

“Are You Professional?”
Mahan Matin, MD, Cytopathology Fellow
Department of Pathology and Laboratory Medicine
University of California Davis Health System

Objectives:
1. Describe professionalism in medicine and pathology.
2. Define professionalism requirements by ACGME.
3. List some of the most common unprofessional behaviors.

“Molecular Pathogenesis of Myeloproliferative Neoplasms”
Adam Stelling, MD, Chief Resident, PGY 4
Department of Pathology and Laboratory Medicine
University of California Davis Health System

Objectives:
1. Distinguish the clinical and pathologic features of myeloproliferative neoplasms.
2. Recognize the diagnostic criteria according to the WHO Classification for Tumors of Hematopoietic and Lymphoid Tissues.
3. Explain how molecular markers contribute to the diagnostic criteria of these disorders.
4. Correlate positive molecular findings with the disease pathogenesis and clinical presentation.
